Authority -- Irregular Route )  
Operations )

Case No. AP-95-55

By application filed November 28, 1995, Phoenix Limousine & Tour Company, a District of Columbia corporation, seeks a certificate of authority for irregular route operations in vehicles with a seating capacity of less than 16 persons only, including the driver.

Notice of this application was served on November 29, 1995, in Order No. 4709, and applicant was directed to publish further notice in a newspaper no later than December 11, 1995. On December 28, 1995, applicant filed a change of address with the Commission and advised the Commission that said notice was not timely published because the move delayed delivery of Order No. 4709 until December 12.

A new publication deadline of January 16, 1996, was established in Order No. 4727, served January 3, 1996. The same deadline was established for filing an amended Exhibit D, and applicant was admonished to promptly notify the Commission of any future change of address.

Applicant did not meet the January 16 deadline, and mail sent to applicant after January 3 has been returned. Failure to comply with the Commission's filing requirements warrants dismissal.<sup>1</sup>

THEREFORE, IT IS ORDERED that the application of Phoenix Limousine & Tour Company is hereby dismissed without prejudice for want of prosecution.

FOR THE COMMISSION:
